

How to get started with **IBQ**

S SELECT T A E COACH P

1

The coach is the key to a successful and sustained quiz ministry. The coach will select study times, encourage, challenge and inspire quizzers. He/she should always remember that the role of the coach is not to be the star of the team, but one who lifts up the team members. The coach must be willing to learn along with the quizzers. His/her qualifications should include a desire to study, an ability to work with students, and a willingness to devote much time to the project. The coach should be able to motivate the quizzers and to build Christian character in their competition. It is best to ask a qualified person to pray and seek God's guidance. Someone who feels the Holy Spirit leading them into this area of ministry will be more conscientious and will seek the leadership of the Holy Spirit in directing the team.
